

Brand Spanking New Format!

Welcome to our brand spanking new Woosh newsletter, and special warm fuzzies to our Quicksilver customers – welcome to the Woosh family.

We hope you enjoy our new newsletter format. Each month we'll bring you news from Woosh, as well as other bits and pieces that we think you'll find interesting.

If you have any feedback on our newsletter, please email churman@woosh.com with your comments.

Goodbye Bob, Hello Kevin

We'd like to say thanks and goodbye to our CEO Bob Smith, who has been with Woosh for over 5 years. Bob ended on a high note, closing the deal to purchase Quicksilver, and will be missed by the staff, management and board at Woosh.

We'd also like to welcome Kevin Wiley, the new Woosh Chief Operating Officer. Woosh has an exciting future ahead, and Kevin's task is to deliver on a fully convergent telecommunications and information technology future, with the changes that technology developments such as Wimax and Local Loop Unbundling will bring.

Wireless Customers: Moving House? Take Woosh With You!

One of the great benefits of Woosh Wireless Broadband, is that if you move within one of our wireless coverage areas, you can just pick up your Woosh modem or PC card and take it with you, with no change to the way you connect.

However, Woosh can now offer broadband to 95% of New Zealand homes!

This means if you are moving outside our wireless coverage area, we can now provide wired broadband on your Telecom phone line, and you can keep your Woosh email address – that's one less new address to update your friends on!

Just make sure you let us know in advance, and

we can arrange the changeover from wireless to wired broadband.

Woosh Wireless Hardware

We'd like to keep you as a customer forever, but, if you're shifting overseas, for example, and need to cancel your account, please remember to contact us about the return of the Woosh Wireless hardware (modem or PC card).

One of the great benefits of Woosh Wireless Broadband, is that if Woosh retains ownership of the hardware, your modem or PC card is guaranteed during your Woosh lifetime, and you'll always get free software upgrades as we continue to improve our services.

Visit Woosh at the Auckland Armageddon Pulp Expo

Woosh will be exhibiting at the Auckland Armageddon pop culture expo on 21st-23rd October.

If you love sci-fi, comics, games, and other pop culture, Armageddon is the event of the year. Special guests include celebrities from Buffy, Stargate Atlantis & SG1, Babylon 5, Alias, The 4400, and more.
